

BK-UK STUDY LAUNCH

UKKW 2025 Dragons' Den Winning Project

Help shape clinical practice for kidney transplant recipients affected by BK Polyomavirus.

BK Polyomavirus Infection in Adult & Paediatric Kidney Transplant Recipients
UK clinical practice & patient outcomes

WHO CAN GET INVOLVED

✓ Renal Registrars

Short on time but want to make a big impact? NEPHwork's trainee-led projects are designed with this in mind!

✓ Resident Doctors Interested in Nephrology

This is a fantastic opportunity to get involved and demonstrate your commitment to the specialty.

✓ Consultant Nephrologists

We want to include ALL renal centres: transplanting, peripheral, adult, and paediatric - ensure your centre is part of the project!
